Admission

Spectators will not be allowed in the bowling center this year.

Format

Each team will designate 5 bowlers with one substitute. The 5 bowlers will be assigned to lanes like they would in our normal singles competition. Teammates will not be assigned to the same pair. Instead, they will be placed at different lanes throughout the house. Each of the 5 bowlers will bowl 4 games. These games will count toward both team and singles. There will be no baker games this year. If you use the substitute (6th bowler), both the substitute and the bowler they replace that game will be ineligible to qualify for the singles finals. The more substitutions you make the less individuals you will have that can qualify for the singles event. The 5 bowlers will bowl a total of 20 games for the team totals. The top two teams in every region will advance to the state finals and the top 10 individuals will qualify for the state singles finals. Team ties will be broken by using the best team game of the series. Singles ties will be broken by the best game of the series.

Tournament Practice

There will be ten (10) minutes of practice prior to the start of the first game.

Lane Conditions

The Event will be bowled using the **Kegel Challenge Series “Allen” Pattern**. The lanes will be conditioned before every squad.
