

2019-20 GIRLS BASKETBALL: District Draw Formula & Brackets

1. LIST: At the beginning of the season, the MHSAA provides an alphabetical LIST of teams in each District.

2. FORMULA: The MHSAA determines the random FORMULA for each of the five bracket types: 4-team, 5-team, 6-team, 7-team and 8-team. The formula is listed on this page for each bracket type. The first number is the line number for the #1 seed, while the second number is on the opposite side of the bracket and is the line number for the #2 seed. The rest of the numbers in the formula are listed after the "/" and are applied to the other schools in alphabetical order.

3. SEEDS: On the Sunday 15 days before Districts start, SEEDS are determined.

4. DRAW: The number of District teams on the draw date determine the bracket type. SEEDS, random FORMULA and alphabetical LIST are then used to determine the DRAW for the District.
